THE SPORT OF KINGS

THE COMPLETE COLLECTION

IT'S ALL IN THE DETAILS

*Details are the key element to differentiation,
to a high quality and to a unique design.*

In everything we do, details are our focal point – from the visual details like our choice of shape, collar and sleeves, to the many exclusive features such as type of luxury fabrics and functional details like buttons etc.

What is important is the unique combination of functionality and an exclusive design. Our high level of details provide our customers with the confidence that they will always get a unique product when choosing Nimbus as their number one supplier.

CERTIFIED ORGANIC COTTON

Developing and producing within the textile industry, as well as many other industries, has an impact at our environment.

At Nimbus, we are therefore continually working hard towards an enduring sustainable strategy, minimizing the consequences of our activities.

We are constantly striving at developing long-lasting products both in regards to quality as well as design, while at the same time sourcing materials and finding production methods that reduce our environmental footprints.

As an important part of this strategy, we are in the process of developing our current collection to consist of a wider range of products produced from certified organic cotton.

This conversion means that existing styles changing from conventional cotton to organic cotton, will be marked with our “Changing to Organic Cotton” logo. Styles that already are produced with organic cotton will be marked with an “Certified Organic Cotton” logo.

We still hold stock from previous productions, but as we consider it environmentally irresponsible to destroying these, we will initiate a “first in first out” principle.

We hope that everyone will welcome the “new” products and support us in our efforts to protect our future and environmental imprints.

The sport of *Kings*

COPENHAGEN POLO CLUB

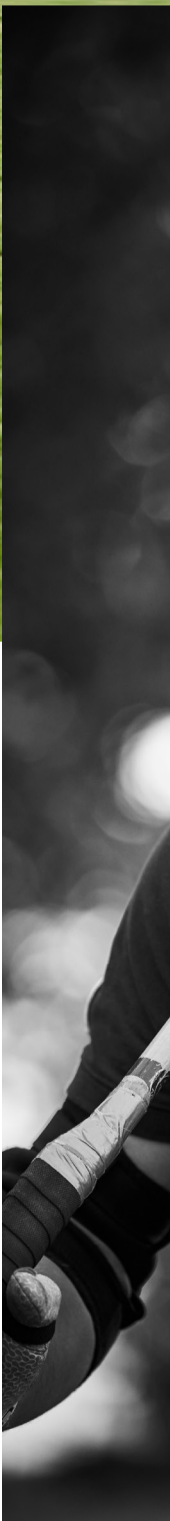

Copenhagen
Polo Club

N
NIMBUS
- CPH -

The first and only official polo club in Denmark is owned and operated by a family of polo enthusiast, determined to share their passion for the oldest team sport in the world.

If you drive just 30 minutes north from Copenhagen, you will find the exclusive Copenhagen Polo Club based at a beautiful private seaside estate. The services include everything from teambuilding events, beginner lessons on friendly school horses, to matches and tournaments for experienced players.

The historical polo sport runs all year round, with experienced polo staff, well-trained horses, and an outstanding location for anyone to experience this majestic horse sport. The main polo field by the sea is overlooking Øresund with a beautiful view to neighboring Sweden.

Explore or learn to master **The Sport of Kings** in a great, social and international environment. Like the Copenhageners as well as tourists from all around the world you can spice up the annual company day or add a fun activity to a private party at Copenhagen Polo Club.

“

We believe that Copenhagen Polo Club captures the essence of today's demand for outdoor sports when living in the city.

During the last couple of seasons, we have had the privilege to **design a** team wear for the polo players at the Copenhagen Polo Club. The outcome of the polo shirt is represented by the classic white and dark colors combined with the familiar burr known from the Club logo.

We are very proud about the collaboration with this historical and exclusive club, and looking forward to keep supporting Copenhagen Polo Club and the sport of kings in the future.

The rules of polo: Horse polo or simply called “polo”, is a fast-paced, full contact ball sport played on a horseback. There are many variants of the sport include field polo, arena polo, beach polo and even snow polo, but the main rule of the game is that two teams can play with four members each. The main objective of the game is to score goals against the opposing team. Using a mallet, the players can score a goal by driving a small wooden ball into the opponent’s goal. The polo equipment includes a helmet, riding boots, kneepads, gloves and a polo shirt.
